**M.W. Bryan Equipment Rental, LLC** is a leader in portable power solutions and generator/distro rental. Catering to both the entertainment industry and the industrial world, M.W. Bryan provides **power solutions** for concerts, festivals with multiple stages and booths, trade shows, weddings, construction workers or simply individuals who lose power to their house.

Our equipment will stand up to the harshest punishment, be it from people or the environment. The **flexibility** of our solutions is the key to fast installation and **safe operation**.

M.W. Bryan is proven in providing **innovative, economical and safe power solutions** for any outdoor or remote event. Available services include delivery, complete setup and strike and on-site operators during the event.

We strive on being challenged and pride ourselves on **versatility**. So no matter how **unique or demanding** your power requirements may be for your event, M.W. Bryan will provide a power solution to **meet and exceed your needs!**

Although M.W. Bryan specializes in portable power solutions, we also provide other rental options. Our two load banks can **certify or test any generator from 1kW to 750 kW!** Our Mini-Crawler Spider-cranes provide **unique crane solutions** where space and access are limited.
